THE PALETTE FASST Newsletter

BOD Art Studio

--VACCINATION APPROVED BY FDA

The Board of Directors is finalizing the MALL Gallery changes. If you are not currently participating in the gallery and would like to be part of the gallery- contact Jan at benzjw1@gmail.com. Remember, a FASST member can be a gallery-only participant or the artist can be a gallery/art studio artist. There is a slight monthly fee for each. All gallery participants can show work, display work as a featured artist in the front window and have a meet the artist session. Also the FASST website on-line gallery can be accessed by all our members by contacting Joy McMicken joymcmicken@aol.com after October 10. As mentioned previously, the webinar is the up-and-coming training opportunity. Google webinars on your computer.

Our “first” First Friday at Kilmer Mansion on August 6 went well. Artists had a wonderful display of their works. September 3, FASST will be at Kilmer once again from 5-7:30 p.m. Stop in and support FASST artists. The Board continues to explore additional locations for our artists to show their works. The August 14 picnic at Trout Ponds went well. After a bag lunch, Kathy Smith provided an oil painting demonstration and artists held a “paint together”. Brian Keeler’s plein air workshop at Confluence Park and Kathy Smith’s oils workshop at Center Court Mall were very informative. The Board is planning additional workshops with both artists. More details to follow.
